TKP-8600
8" In-Wall Touch Screen with Voice Control

URC®

Optional brushed aluminum faceplate in metallic or black

OVERVIEW

This premium in-wall touch screen keypad features an 8" high-resolution touch screen and sleek profile. The brilliant LCD displays vivid images of the attractive graphic user interface – plus live video from door stations and surveillance cameras. The built-in AV intercom offers convenient room-to-room communication. It is perfect for high-end residential and commercial installations.

- 8" high-resolution LCD Screen

- Attractive, upscale design

- Voice-Activated or set as Push-To-Talk integration with Amazon Alexa

- Native Audio Video Intercom allows you to make audio or audio-video calls throughout the system

- Live Camera View with integrated MJPEG and/or H264 camera streams

- Proximity sensor wakes the device up as you approach

- Flush Mount Kit (WM-8600; sold separately) allows the TKP-8600 to mount flush with the wall surface. Brushed aluminum faceplate in metallic or black.

- Faster processor speeds
