

TRF-ZW10

# Z-Wave® Plus Gateway

## OVERVIEW

The TRF-ZW10 is URC's powerful Z-Wave® Gateway that allows reliable control of up to 40 devices and 250 scenes. With faster processing and a fluid user experience, the TRF-ZW10 is an excellent gateway between URC Lighting and Total Control.

- Easy to install and program
- Customizable with flexible design
- Reliable and scalable for residential and commercial applications
- Increased processing speed
- Expanded memory
- Self-healing capabilities
- Program to run scenes or provide notifications

## SPECIFICATIONS

SKU	TRF-ZW10
UPC	656787-501010
Color	Black
RF Technology	Z-Wave® Plus [S2 Encryption]
RF Frequency	908.42 MHz
Z-Wave Chip	700 Series
Power	12 Volt DC or PoE
Usage	Indoor
Ethernet Port RJ45	10/100/PoE
Dimensions	W: 3.93" / 100mm H: 1.18" / 30mm D: 3.15" / 80mm
Weight	3 oz / 85.05g
System	Total Control® Professional Programming Required
In The Box	TRF-ZW10, DC Power Adapter, Mounting Plate, 4 Screws (for Mounting Plate)
Warranty	<a href="http://www.urc-automation.com/warranty">http://www.urc-automation.com/warranty</a>
